Dear Alan,

I would like to express my deepest gratitude for all your efforts and hard work with my parents' estate. It was such a pleasure to work directly with you and to learn from you. Your ability to have a clear understanding of my father's thoughts never ceased to amaze me and especially your incredible adaptability to discover the "real doll world". Your kindness and understanding of "the family estate" was so thoughtful and considerate.

My parents, John and myself have been very pleased with your professionalism and kindness along with the results of your hard work. Please do not hesitate to use us as a reference in your future endeavors as we would gladly oblige.

From one friend to another,

Vickie
